1 CAPI-TEMPLATE FOR THE FACE-TO-FACE INTERVIEW

This is the revised version of the template prepared by the German Centre of Gerontology. The template was used to program the electronic questionnaire for the computer assisted personal interview (CAPI). The respondents were interviewed by trained interviewers usually in the respondents' home.

The CAPI-template makes use of preloads (D-variables). These are variables with panel respondents' information collected in earlier DEAS waves. They are used to filter the flow of questions. The main part are questions to be answered by the respondent (target person or proxy if the target person cannot perform the interview and consents to having a proxy interview). The latter part of the template contains questions regarding the interview and the respondents' home to be answered by the interviewer.

Questions which are not directed to all respondents contain filter instructions.

Abbrevations:

B	Baseline sample
P	Panel sample
ZP	Target person (respondent)
Px	Proxy
INT	Instruction to interviewer
Prog	Instruction to software programmer
mod.	Modified question (compared to wave 4)
RA	Residential area

Notes

Relavant to programming: only the output filter (not input filter) as well as changes in the questions

- **Coding of missing values**: The template was used to program the electronic questionnaire for the computer assisted personal interview (CAPI). The codes for missing information used for prgramming, deviate from the coding in the data set (scientific use file) as follows:
  - „declined“: 7,97,9997 etc. (in template) → -1 (in data set)
  - „Don’t know“: 8,98,9998 etc. (in tamplate) → -2 (in data set)

- **Everything relevant for filter guidance:** Blue font color

- **Identification of the questionnaires** (intended for users):
  - Questions to:
    - B = respondents basic survey
    - P = panel respondents
  - Respondent (target person) - or Proxy
    - ZP = interview with respondent (target person)
    - Px = Proxy interview

Preloads

Label	Content	Values
DStich	Sample	0: Panel sample 1: Baseline Sample
DYear	Current year of interview	year (2017 for all)
DLM	Date of last interview: month	month 1: January 2: February 3: March 4: April 5: May 6: June 7: July 8: August 9: September 10: October 11: November 12: December
DLJ	Date of last interview: year	year (1996, 2002, 2008, 2011, 2014)
DSex	Respondent’s sex	1: male 2: female 9: missing or inconsisent
DGeb	Respondent’s year of birth	1911 to 1974 9999: missing or inconsisent

316f3 (B/P) (ZP)	Proxy=0 [TP] 300≠95|97|98 [Has children] & {314a>=2 | 316a>=2 [child has/ had more than 1 child]} (DStich=1 [Baseline sample]): If all child's children are registered → program random selection of grandchild (only for 1. To 4. Child). (DStich=0 [Panel sample]): When all child's children are registered, check, if combinations of preloads (eg. Year of birth child 1, sex child1, year of birth of child from child, sex child of child) exist within the preloads (D311 bis D314, D321 bis D324 …….44, which correspond to current asked 4 characteristics for a child (only for 1. To 4. Child).. Here apply following conditions: 1. The valid designations relating to sex and year of birth of child from 2017 correspond to the preload designations of one child Relevant preloads: D311, D321, D331, D341 (sex child 1 to 4) D312, D322, D332, D342 (year of birth of child 1 to 4) 2. For exactly one of the in 2017 mentioned children of this child correspond the current information for year of birth and sex to the information of the preload for the child identified as 1 Relevant preloads: D313, D323, D333, D343 (sex Grandchild Child 1 bis Child 4) D314, D324, D334, D344 (Year of birth Grandchild Child 1 bis Child 4) → If an exactly match succeed, the following questions will be used for the re-identificated grandchild. The name of the grandchild in the year 2017 will be shown, whose characteristics correspond to the characteristics of the grandchild in the preload. → If no exactly match succeed and no re-identification happened (because the combination of the four preload- designations on person-level don't fit to the current 4-combination of designation of year of birth and sex from child and grandchild or no preload- information is available) a random selection pass like in B2008 / DStich=1 [Baseline sample] (valid only for 1. to 4. Child). PROG (DStich=0 [Panel sample]): The program gives information in a variable, if the polled grandchild is out of the random selection or re-identification happened. Leading in numeration of this variable is the order of birth in the current survey (eg. The combination mentioned 2017 for child 2 und its child correspond to the perload information for child 1 and its child → variable is named after child2).	

	PROG: For this random selected or re-identified grandchild: **Now that we have talked about all of [child's first name]'s child, I would like to ask a few more questions about your grandchild [random grandchild's first name].** **Is [random grandchild's first name] a biological child of [child's first name]?** INT: explain upon request: „**The now closer requested grandchild was randomly selected by computer. 	PULMONARY FUNCTION TEST	
561 (B/P) (ZP)	DStich=1 [Baseline sample] | (DStich=0 [Panel sample] & Proxy=0 [TP]) Pulmonary function test INT: Hold the device for the pulmonary function test in position to begin (with the attachment used to demonstrate the test and the mouthpiece and disinfectant wipe contained in the package). **Before continuing with the interview, we would like to conduct a brief test. This next test measures how fast you can exhale air out of your lungs.** **It is important that you blow as quickly and forcefully as you can.** **I would like you to do this test twice. When we're ready, I will ask you to stand up. Breathe in as deeply as you can.** **Open your mouth and close your lips tightly aroand the mouthpiece. Then blow into the mouthpiece as quickly and forcefully as you can, like this...** INT: Demonstrate the test by removing the demonstration attachment and using the disinfectant wipe to clean the unit where it was attached. Give the participant the instrument and a disposable mouthpiece. Let the participant unpack the mouthpiece him/herself and attach it firmly to the device. The participant should hold the device gently in one hand so that the opening is pointed away from the participant's hand. This prevents his/her fingers from blocking the opening. **Please stand up. Breathe in as deeply as you can. Open your mouth and close your lips tightly aroand the mouthpiece.** **Now blow into the mouthpiece as quickly and forcefully as you can.** INT: Please enter the value displayed. Value ander 60 = enter 960. Value over 880 = enter 990. Not conducted for health reasons = enter 992.

Nr.	WILLINGNESS TO PARTICIPATE IN PANEL SURVEY AND "DIGIT-SYMBOL-TEST"	Continue with
900 (B) (ZP)	DStich=1 [Baseline sample] INT: Please read aloud! In conclusion, we would like to turn to another matter. Although it has not yet been decided, we are considering continuing this research project at a later date with a further survey. If so, would you be interested in taking part again? Your cooperation is very valuable to us, and we would be very glad if you did decide to do so. We thank you in advance for your willingness to participate! We would need to keep your address on file for use in a future survey. Data protection legislation quite rightly requires your prior agreement for this, and we hereby childly request your permission. Your address will be kept separate from the questionnaire and will be used exclusively for the purposes of a further survey; it can never be linked with the answers you have given, and the information you have supplied will remain completely anonymous. When this research project is completed, your address will be deleted. We would deeply appreciate if you did decide to continue to participate in our research project. INT: Please hand out yellow Panel sample sheet to be filled out by respondent. Enter serial number and return to Infas with the questionnaire. INT: Important: please tick! 1: Respondent completed Panel sample sheet 2: Respondent did not complete Panel sample sheet	
	PROG: Timestamp	
901 (B/P) (ZP)	DStich=1 [Baseline sample] | (DStich=0 [Panel sample] & Proxy=0 [TP]) INT: Please consult Task Sheet "DIGIT-SYMBOL-TEST"! **Now that our discussion is over, I would like to ask you if you would be willing to take part in one last exercise. It will take about two minutes. It relates to speed of thought and association. We would like this information to be included in our findings.** INT: The exercise requires: (1) a stopwatch or a watch with a second hand, (2) a good pen or pencil for the interviewee (soft pencil or ballpoint pen) plus (3) the Task list (do not forget to enter serial number of person in the Task Lis!). The object of this exercise is to assign the numbers from 1 to 9 to a specific symbol. The number belonging to each of the symbols is shown at the top of the Task Sheet. The symbols must be entered by the respondent in the empty spaces ander the numbers. The first seven examples above the thick black line in the top row of tasks help to explain the exercise. The respondent completes the Task Sheet alone. It should be ensured that the respondent completes one problem after the next (in order) and does not start with all the symbols assigned to Figure 1 and then all symbols assigned to Figure 2, etc. The task is to be completed in 90 seconds, or one and a half minutes. Please emphasize the speed factor. INT: Point to the key in the top section of the Task Sheet. **Please look at this horizontally split box or square. Note that each box contains a number in the upper half and a small symbol in the lower half. A different symbol has been assigned to each number.** INT: Point to the example boxes. **Now here, you see boxes with numbers where the lower half of the box is empty.Please insert the number that belongs to the symbol in the blank; In this case,**	

	the number assigned to the symbol is "8", so we write in this number. INT: Here you should enter the corresponding symbol in the first blank (an upside-down "V") **Here is a "9", so we insert its symbol here; here is a "7", so we insert its symbol here.** INT: You should enter the corresponding symbols. After giving these four examples, pose the following question and point to the next blank: **What should be inserted here?** INT: If the respondent gives the wrong answer, correct him / her. Repeat the question "What should be inserted here?" with the next examples. After completing the seven examples, say: **Now you start here and fill in as many blanks as you can until I say "stop", without leaving any out.** Set the stopwatch or look at the second hand of the watch and give the respondent 90 seconds to complete the task! After 90 seconds have elapsed, say: **Please stop!** INT: Important: please tick! 1: Respondent completed Task Sheet 2: Respondent did not complete Task Sheet	
	PROG: Timestamp	
902 (B/P) (ZP)	DStich=1 [Baseline sample] | (DStich=0 [Panel sample] & Proxy=0 [TP]) **Thank you very much for participating until this point.** **To shorten the time of interviewing, a questionnaire which contains some deepening questions is part of this survey.** **You have the opportunity to complete the questionnaire on paper or online.** **On the front of the paper questionnaire you will find the link to the online survey and your personal access code. If you enter this link in your internet browser, you will come to the online questionnaire.** INT : For inquiries about online filling: [Progr: in green] - The online questionnaire automatically guides you, and processing is usually time-saving. [Progr: in grün] - For processing the online questionnaire, there is no indication of personal contact data, such as personal information, e.g. address, telephone number or e-mail address. INT: If the target subject wishes, you can assist with filling out the written questionnaire or arrange a date to pick up the questionnaire. 1: questionnaire is left with target subject 2: questionnaire is filled out together with the target subject --- 3: target subject cannot fill out the questionnaire for health reasons 7: target subject is declined filling out the written questionnaire	902a --- 902p

2 DROP-OFF QUESTIONNAIRE

This is an additional questionnaire to be filled out by the respondents on their own. Alternatively, they could use an identical online version.

DZA | German Centre of Gerontology

The Second Half of Life
Attitudes and Living Conditions

infas

A survey commissioned by the Federal Ministry for Family Affairs, Senior Citizens, Women and Youth

Dear participant,

many thanks for taking part in our research work!
In the oral interview you answered our questions on various aspects of life. In this additional paper-and-pencil-questionnaire we would like to look into some selected aspects of your life in more detail.

You have the choice: You may fill out the questionnaire either online or in this paper version. Notes for filling out the questionnaire are to be found on the next page.

If you choose the online version you will be routed through the questionnaire automatically. Answering the online questionnaire is generally timesaving.

When you have filled out the online questionnaire completely, you may dispose this yellow paper version. You don‘t have to give it back to your interviewer or send it back to infas.

In order to fill out the questionnaire online, please enter the following link in your Internet browser:

www.infas-online.de/deas

Use your personal access code:

<Access code>

transferred from contact record:

Ser.No.: | | | | | | | | |

5413/HS/2017

What happens to your data...

The infas Institute for Applied Social Science and the German Centre of Gerontology are responsible for guaranteeing data protection. All data supplied by you will be treated with strict confidentiality. All data are evaluated exclusively in anonymous form, i. e., without name and address, and only in conjunction with the information supplied by other inter viewees. The results cannot be linked to the person who supplied the data. In other words, data protection is fully and comprehensively guaranteed.

General instructions...

– There are no right or wrong answers and no special knowledge is required to fill out the questionnaire. You should answer each question for yourself personally.

– Please note the comments on the various questions when completing the questionnaire.

How to fill out the online questionnaire...

– You will get to the online questionnaire by entering the Internet address
www.infas-online.de/deas
into the address line of your browser (e.g. Internet Explorer/Firefox/Safari).
Attention: Do not enter the link into the search box!

– After entering the access code (see front page) you will be automatically routed through the questionnaire.

– When opening the online questionnaire, additional hints for filling out are displayed for you.

– Personal details like your address, telephone number or email address are not necessary for answering the online questionnaire.

How to fill out the paper questionnaire...

– Please tick the selected response in the corresponding box.

– Please answer one question after the other in the order given.

– Place the completed questionnaire in the enclosed reply envelope. A member of our staff will pick it up at the scheduled time.

Many thanks for your help and we hope you enjoy completing the questionnaire!

infas Institute and the German Centre of Gerontology (DZA)

1. In the first part of this questionnaire, we're especially interested in your personal opinions. We want to know how you would evaluate yourself and certain experiences that you have been through.

Everybody gets older. But ageing can mean very different things to different people. The following statements relate to changes in the context of ageing.

Please indicate the extent to which you agree with each statement.

☞ *Please tick one box **per line**!*

	Strongly agree	**Agree**	**Disagree**	**Strongly disagree**
	1	2	3	4
Ageing means to me that I can still put my ideas into practice	☐	☐	☐	☐
Ageing means to me that my capabilities are increasing	☐	☐	☐	☐
Ageing means to me that I feel less respected	☐	☐	☐	☐
For me, getting older means that I am less healthy	☐	☐	☐	☐
Ageing means to me that I feel lonely more often	☐	☐	☐	☐
Ageing means to me that I have a better idea of what I want	☐	☐	☐	☐
Things keep getting worse as I get older	☐	☐	☐	☐
I have as much pep as I had last year	☐	☐	☐	☐
As you get older, you are less useful	☐	☐	☐	☐
As I get older, things are better than I thought they would be	☐	☐	☐	☐
I am as happy now as when I was younger	☐	☐	☐	☐

2. We now ask you to assess yourself with the aid of the following statement. Please indicate the extent to which you agree with each statement.

☞ *Please tick one box **per line**!*

	Strongly agree	Agree	Disagree	Strongly disagree
	1	2	3	4
On the whole, I am satisfied with myself	☐	☐	☐	☐
I am looking forward to the life ahead of me	☐	☐	☐	☐
I am able to to things as well as most other people	☐	☐	☐	☐
All in all, I am inclined to feel that I am a failure	☐	☐	☐	☐
For me the future is full of hope	☐	☐	☐	☐
I feel that I have a number of good qualities	☐	☐	☐	☐
It is easy for me to stick to my aims and accomplish my goals	☐	☐	☐	☐

3. The next statements relate to how you <u>assess your life as a whole</u>. Use the scale to indicate the extent to which you agree with each statement.

☞ *Please tick one box **per line**!*

	Strongly agree	Agree	Neighter agree nor disagree	Disagree	Strongly disagree
	1	2	3	4	5
In most ways my life is close to my ideal	☐	☐	☐	☐	☐
The conditions of my life are excellent	☐	☐	☐	☐	☐
I am satisfied with my life	☐	☐	☐	☐	☐
So far I have gotten the important things I want in life	☐	☐	☐	☐	☐
If I could live my life over, I would change almost nothing	☐	☐	☐	☐	☐

4. In the following you will find a number of words that describe different feelings and emotions.

Please indicate to what extent you have felt this way during <u>the past few months</u>.
Use the scale from 'very slightly or not at all' to 'extremely'.
If you are not quite sure about a particular feeling, choose the answer that most closely describes how often you have felt that way.

☞ *Please tick one box **per line**!*

	Very slightly or not at all	A little	Moderately	Quite a bit	Extremely
	1	2	3	4	5
Enthusiastic	☐	☐	☐	☐	☐
Distressed	☐	☐	☐	☐	☐
Excited	☐	☐	☐	☐	☐
Upset	☐	☐	☐	☐	☐
Strong	☐	☐	☐	☐	☐
Guilty	☐	☐	☐	☐	☐
Scared	☐	☐	☐	☐	☐
Hostile	☐	☐	☐	☐	☐
Interested	☐	☐	☐	☐	☐
Proud	☐	☐	☐	☐	☐
Irritable	☐	☐	☐	☐	☐
Alert	☐	☐	☐	☐	☐
Ashamed	☐	☐	☐	☐	☐
Inspired	☐	☐	☐	☐	☐
Nervous	☐	☐	☐	☐	☐
Determined	☐	☐	☐	☐	☐
Attentive	☐	☐	☐	☐	☐
Jittery	☐	☐	☐	☐	☐
Active	☐	☐	☐	☐	☐
Afraid	☐	☐	☐	☐	☐

5. In the <u>past twelve months</u>, have you been discriminated against due to your age or placed at a disadvantage in relation to others?
Can you tell us which area of life this occured in?

Yes, I have been discriminated against due to my age..... ☐ 1

No ..... 2 ☐ ***Please skip to question 6!***

namely:

☞ *Please tick **all** statements that apply!*

	1
At work or looking for work (for example, in hiring decisions, in the workplace itself, or in layoff/firing decisions)	☐
In dealing with government agencies (for example, in the processing of applications or in decisions on the provision of benefits).....	☐
In medical care (for example, medical diagnoses, treatments or prescriptions)	☐
In every day life (for example, when shopping, at events or in personel relationships).....	☐
In money matters (for example, in loan applications or other contracts)	☐
In other areas:.....	☐

↳ *(Please specify)* ☐

6. How strong is your interest in politics?

very strong ..... ☐ 1

strong ..... ☐ 2

average ..... ☐ 3

slight..... ☐ 4

not at all ..... ☐ 5

don‘t know..... ☐ 8

↳ Which party? *(Please specify)* ☐

— — — — — — — — — — —

No, I don‘t lean towards any party ..... ☐ 12

8. The following statements are about pension provision in Germany. Please indicate the extent to which you agree with each statement.

☞ *Please tick one box **per line**!*

	Agree completely (1)	Agree partly (2)	Neither agree nor disagree (3)	Dis-agree partly (4)	Disagree com-pletely (5)
Government pension provision should promote equality in income and living conditions among the elderly.	☐	☐	☐	☐	☐
Everyone should assume responsibility for for their own retirement.	☐	☐	☐	☐	☐
It‘s better to spend money today than to save, for retirement.	☐	☐	☐	☐	☐
It‘s unjust that people who earned a lot in their profession receive higher pensions.	☐	☐	☐	☐	☐
It‘s enough if the state pension covers people‘s basic needs.	☐	☐	☐	☐	☐
There‘s no sense in saving for retirement since you, don‘t know what the future will bring.	☐	☐	☐	☐	☐
People who were successful in their career should enjoy respect and prosperity in old age.	☐	☐	☐	☐	☐
People who are very wealthy should receive a, lower state pension.	☐	☐	☐	☐	☐
It‘s right that people with a higher income should receive higher pensions than others	☐	☐	☐	☐	☐

9. In the following we address your inclusion into society. To which extent do you agree to these statements?

☞ *Please tick one box **per line**!*

	Strongly agree (1)	Agree (2)	Disagree (3)	Strongly disagree (4)
I am worried to be left behind	☐	☐	☐	☐
I feel like I do not really belong to society	☐	☐	☐	☐
I feel that I am left out	☐	☐	☐	☐
I feel excluded from society	☐	☐	☐	☐

10. How often do you deal with the topic death and dying?

Never ..... ☐ 1

Seldom ..... ☐ 2

Sometimes ..... ☐ 3

Often ..... ☐ 4

Very often ..... ☐ 5

11. What religious group do you belong to?

The Roman Catholic Church ..... ☐ 1

The Protestant Church (not including Free Churches) ..... ☐ 2

An Evangelical Free Church ..... ☐ 3

The Islamic religious community ..... ☐ 4

The Jewish religious community ..... ☐ 5

Another religious communnity ..... ☐ 6

↳ that is: *(Please specify)* ☐

— — — — — — — — — — — — — —

No religious group ..... ☐ 7

12. How often do you usually go to church (or the mosque, synagogue) or to another religious assembly (or service)?

Several times a week ..... ☐ 1

Once a week ..... ☐ 2

1-3 times per month ..... ☐ 3

Several times a year ..... ☐ 4

Less often ..... ☐ 5

Never ..... ☐ 6

Please state to which extent the following statements apply to you.

☞ *Please tick one box **per line**!*

	Strongly agree	Agree	Disagree	Strongly disagree
	1	2	3	4
When I am unsure about a decision, there is someone who can give me advise.	☐	☐	☐	☐
When I feel bad, there is someone who gives me love and affection.	☐	☐	☐	☐
If I were away for a while I know someone who would look after my apartment.	☐	☐	☐	☐
When I worry about something, there is someone I can count on to listen.	☐	☐	☐	☐
If I were sick, I know someone who would do important things for me.	☐	☐	☐	☐
If I have a problem, there is someone who can tell me how to handle it.	☐	☐	☐	☐
If I were in financial trouble, I know someone who would loan me money.	☐	☐	☐	☐

47. In the following, we would like to ask you some questions about your goals and desires. How do you try to reach what you want?

☞ *Please tick one box **per line**!*

	Strongly agree	Agree	Disagree	Strongly disagree
	1	2	3	4
I do everything I can to realize my plans.	☐	☐	☐	☐
I have set my goals clearly and stick to them.	☐	☐	☐	☐
When it becomes harder for me to get the same results, I keep trying harder until I ca do it as well as before.	☐	☐	☐	☐
When I can‘t do something important the way I did before, I look for a new goal.	☐	☐	☐	☐

48. Now to another topic. The following questions deal with your living situation and your financial situation.

Have you or your spouse/ partner ever received an inheritance? Please do not overlook smaller bequests.

Yes ..... 1 ☐ ↓ No ..... 2 ☐ → ***Please go to question 51!***

49. Who did you receive the inheritance from?

☞ *Please tick **all** people from whom you have received an inheritance!*

1

My parents. ..... ☐

Parents of spouse/partner ..... ☐

My grandparents ..... ☐

Grandparents of spouse/partner ..... ☐

Spouse/partner ..... ☐

Brothers or sisters ..... ☐

Others: *(please specify)* ..... ☐

↳ ☐

50. If you add it all together, what would be the approximate value of these inheritance today?

Less than 2,500 EUR ..... ☐ 1

2,500 and more, but less than 12,500 EUR ..... ☐ 2

12,500 and more, but less than 50,000 EUR ..... ☐ 3

50,000 and more, but less than 250,000 EUR .... ☐ 4

250,000 and more, but less than 500,000 EUR .. ☐ 5

500,000 EUR or more ..... ☐ 6

51. Do you or your spouse/ partner own a house, appartment or land?

Yes .....1 ☐ No .....2 ☐

☞ *Please tick **everything** that applies!*

	1
Detached house, row house, semi-detached house	☐
Multi-family home	☐
Apartment	☐
Vacation home or apartment	☐
Other property	☐

52. Do you or your spouse/ partner have any debts to pay off as a result of acquiring property?

Yes .....1 ☐ No .....2 ☐

the amount involved is:

Less than 2,500 EUR	☐1
2,500 and more, but less than 12,500 EUR	☐2
12,500 and more, but less than 50,000 EUR	☐3
50,000 and more, but less than 250,000 EUR	☐4
250,000 and more, but less than 500,000 EUR	☐5
500,000 EUR or more	☐6

53. Now we would like to ask a few questions about your living situation. How is your home equipped?

☞ *Please tick **everything** that is part of your home!*

	1
Central heating	☐
Balcony or terrace	☐
Yard or use of shared yard	☐

54. We would like to ask some more questions, which relate to your home furnishings.

☞ *Please tick one box **per line**!*

	Yes (1)	No (2)
The apartment or house is accessible without steps.	☐	☐
All stairs, inside the home, in the stairwell or access to the house, have a handrail on both sides.	☐	☐
All rooms have no doorsills or these are so low (less than 2 cm) that they can be easily overcome with a walking frame or wheelchair.	☐	☐
The door of the bathroom is so wide that you also come through with crutches or a walking frame (minimum 80 cm).	☐	☐
The door of the bathroom is an outward opening door.	☐	☐
Inside the apartment or house all rooms are accessible without steps.	☐	☐
A bathtub does exist.	☐	☐
A shower does exist,…		
…at that on grade (or a threshold of up to 2 cm).	☐	☐
…at that with a higher threshold or shower tray.	☐	☐
There is an emergency call system.	☐	☐
There is a stair lift.	☐	☐

Basic retirement or supplemental security income for those with reduced earning capacity	☐	☐ ➡	
Welfare, such as coverage of living expenses or assistance in special circumstances	☐	☐ ➡	
Benefits from long-term care insurance ☞ *Please include if you or another member of the household is in need of care!*	☐	☐ ➡	
Other state benefits such as child-raising allowance/parents, money, housing benefit/expenses, grants for education or training	☐	☐ ➡	
Other income not listed: *(please specify)*	☐	☐ ➡	

↳ ☐

71. Thank you for your cooperation. We hope that you enjoyed answering these questions.

Do you have any comments or suggestions on the questionnaire or the individual questions? Perhaps we have overlooked a question that you think is particularly important. We would very much welcome your suggestions.

Please note your comments in the space below:

72. And finally please enter:

My age: ..... ☐☐☐ years

My sex: male ..... ☐1

female ..... ☐2

Date:

Today is ☐☐.☐☐.2017

73. Did you fill out the questionnaire alone or did someone help you?

Yes, I filled it out alone ..... ☐1

No, someone helped me ..... ☐2

Who helped you to fill it out?

The interviewer ..... ☐1

Someone else ..... ☐2

Thank you for your patience and valuable help with our study!
Please put the completed questionnaire in the enclosed self-addressed envelope.
A member of our staff will pick it up at the scheduled time.

3 SHORT QUESTIONNAIRE FOR NON-RESPONDENTS

If there is personal contact to the respondents' household but target persons are not able to or decline to be interviewed and no proxy interview could be conducted target persons are asked to give at least some basic information on their living situation, health status and well-being. Some questions can be answered by a proxy person.

infas

Short questionnaire

serial no.: transferred from contact protocol:

Do not fail to complete if the interview did not take place!

1. May I ask you a few questions? You would help us to estimate, which persons don‘t participate in our study. It will take about three minutes.

☞ *Is the person that will complete the short questionnaire the respondent?*

Yes, respondent..... 1 ☐→ ***Please complete the back page only!***

No, not the respondent, other person..... 2 ☐

↓ ***Please complete the following questions only!***

Questions to contact person

2. In which country was <*name respondent*> born?

In Germany, including former eastern territories .. ☐ 1

In another country ..... ☐ 2

4 OCCUPATIONAL STATUS CARD

This card shows an often used classification of occupational status in Germany.
Respondents are asked to select the appropriate code of their first, current or last occupation as well as the occupation of their present or former partner.

Occupational Status

Please give the general category number (10, 20 . . .) only when unable to name the precise category!

10 Self-employed farmers and members of farmers cooperatives

11 Self-employed farmers with less than 10 hectares of fields in agricultural use

12 Self-employed farmers with between 10 and 50 hectares of fields in agricultural use

13 Self-employed farmers with 50 and more hectares of fields in agricultural use

14 Members of a farmers cooperative

20 Academic/scientific freelance professionals (e.g. medical doctors or lawyers with their own practice

21 Alone or 1 employee

22 2 to 9 employees

23 10 or more employees

25 Family members helping out in the family

30 Self-employed persons in sales, trade, industry and services as well as craft cooperative members, self-employed craftsmen and businessmen, as well as other non-academic/scientific freelance professional occupations

31 Alone or 1 employee

32 2 to 9 employees

33 10 to 49 employees

34 50 employees and more

35 Member of a producers cooperative

36 Other, non-academic/scientific freelance professional occupations

40 Civil servants

41 Low-level Civil Service (with “Volksschulabschluss” or “POS / 8th grade” as highest level of completed schooling)

42 Middle-level Civil Service (with “Mittlere Reife” or “POS / 10th grade” as highest level of completed schooling)

43 High-level Civil Service (with “Abitur” or “EOS diploma” as highest level of completed schooling**)**

44 Executive Civil Service (with higher education)

50 Employee in the provision services, administration, sales, transport, industry, health care services, education, members of the milittary (“Bundeswehr”, NVA or armed forces of other countries) **and the police** (if not employed in the civil service)

51 White-collar workers with simple tasks (e.g. salesperson, office worker, typist)

52 Qualified professionals (e.g. case officer, acountant, technical draftsman)

53 High qualified professionals (e.g. research assistant, doctor, teacher, chief accountant, area supervidor, department head)

54 Managerial (e.g. director, sole manager, chief executive, officer, mayor)

55 Industrial or plant foreman

60 Workers

61 Untrained workers
62 Semi-trained workers
63 Trained workers
64 Assistant foreman, team leaders, brigade leaders
65 Foreman

5 CARDS WITH PERSONAL CODES

There are many questions in which the respondent refers to other people. With the help of these two cards with personal codes it is easier for the interviewer to fill in the answers to the electronic questionnaire. Every person to which the respondent refers gets a three digit personal code. This makes sure that there are no confusions in names or persons and to comply with data protection rules.

8 PULMONARY FUNCTION TEST

The following excerpt of the handbook for interviewers describes how to conduct the pulmonary function test. This test was carried out during the personal interview after having completed the health questions (see question no. 561 in the CAPI template).

Question 561: Pulmonary function test with peak flow meter

The execution of the pulmonary function test

At the end of the thematic section health, a pulmonary function test is conducted with the enclosed peak flow meter:

Important: Please clean the peak flow meter before the first and approximately after every tenth usage as follows:

Put the peak flow meter into warm (but not hot) water for about 2 to 3 (with a maximum of 5) minutes and add some mild cleaning agent. Move the device to achieve an in-depth lavation. Rinse the device with warm and clear water und shake it carefully to remove the water. Dry the device thoroughly before using it in the next interview.

Besides the regular cleaning, the top piece for attaching the one-way mouthpiece has to be cleaned with a disinfectant wipe before every usage.

Please conduct the test accurately with the help of the instructions given below – provided the target person's health status allows it and the person agrees with the test. The instructions are also shown on your screen. Only if the test is conducted exactly as described in this instruction, accurate and feasible findings are guaranteed. On the next pages you will find images illustrating the handling of the peak flow meter.

Interviewer instruction:

Hold the device for the pulmonary function test in position (with the attachment used to demonstrate the test, the wrapped mouthpiece and the disinfectant wipe contained in the package).

Explanation for the target person:

Before continuing with the interview, we would like to conduct a brief test. This next test measures how fast you can exhale air out of your lungs.

It is important that you blow as quickly and forcefully as you can.

I would like you to do this test twice. When we're ready to start, I will ask you to stand up. Breathe in as deeply as you can.

Open your mouth and close your lips tightly around the mouthpiece. Then blow into the mouthpiece as quickly and forcefully as you can, like this...

Interviewer instruction:

Demonstrate the test, then remove the demonstration attachment and use the disinfectant wipe to clean the tool where it was attached. Hand the instrument and a disposable mouthpiece to the participant. Let the participant unpack the mouthpiece and attach it firmly to the device him- or herself. The participant should hold the device gently in one hand so that the opening does not point to the participant's hand. This prevents that the fingers block the opening.

Explanation for the target person:

Please stand up. Breathe in as deeply as you can. Open your mouth and close your lips tightly around the mouthpiece.

Now blow into the mouthpiece as quickly and forcefully as you can.

Interviewer instruction:

Please note the result according to the requirements in the questionnaire. If the test was conducted successfully, it will be carried out a second time.

Explanation for the target person:

Please reset the value to zero and repeat the test.

Interviewer instruction:

There should be a break of 30 seconds between the tests.

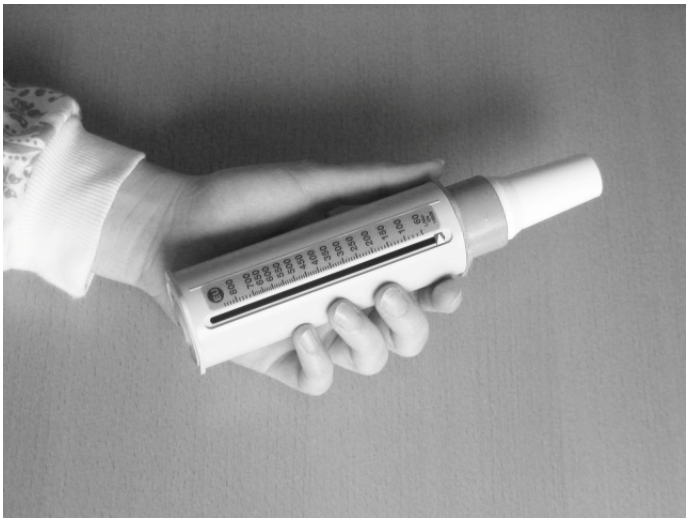
Explanation for the target person:

Please blow into the mouthpiece again as quickly and forcefully as you can.

Peak flow meter: tool to measure the pulmonary function

Pictured here is the peak flow meter in the middle, at the top is the conic mouthpiece for demonstration and at the bottom is the cylindric one-way mouthpiece.

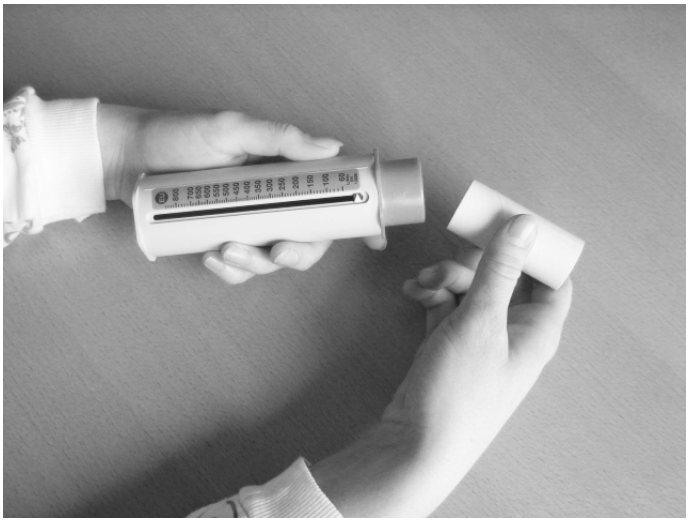
The next picture shows the peak flow meter with the attached mouthpiece for demonstration.



This mouthpiece is only for you, not for the target person. Please use this plastic mouthpiece to demonstrate the pulmonary function measurement. Afterwards you remove it.

Hand over the peak flow meter and the wrapped one-way mouthpiece to the target person and **let the person unpack it him- or herself.**

The target person should attach the cylindric one-way mouthpiece like this:



Attention:
Never attach the one-way mouthpiece on the mouthpiece used for demonstration!

Please remember: Always take off your mouthpiece used for demonstration before you hand over the peak flow meter and the wrapped one-way mouthpiece to the target person.

The next picture shows the correct handling of the instrument for the measurement of the pulmonary function during the test (with one-way mouthpiece):

Important:

- **The scale and the slot of the peak flow meter should not be covered with the fingers!**
- **The measurement should be conducted while the person is standing.**
- **The peak flow meter should be held in a horizontal position.**

How do you explain the result to the target person?

If the target person wants to know how to evaluate her or his personal value, please explain that the pulmonary function cannot directly be identified by this one value. It is calculated with the help of a complex formula that takes height, weight, sex and especially the individual process of the pulmonary function over time into account. As an interviewer, you, do not know the calculation. The general practitioner will provide a professional evaluation, if the target person conducts the same test there.

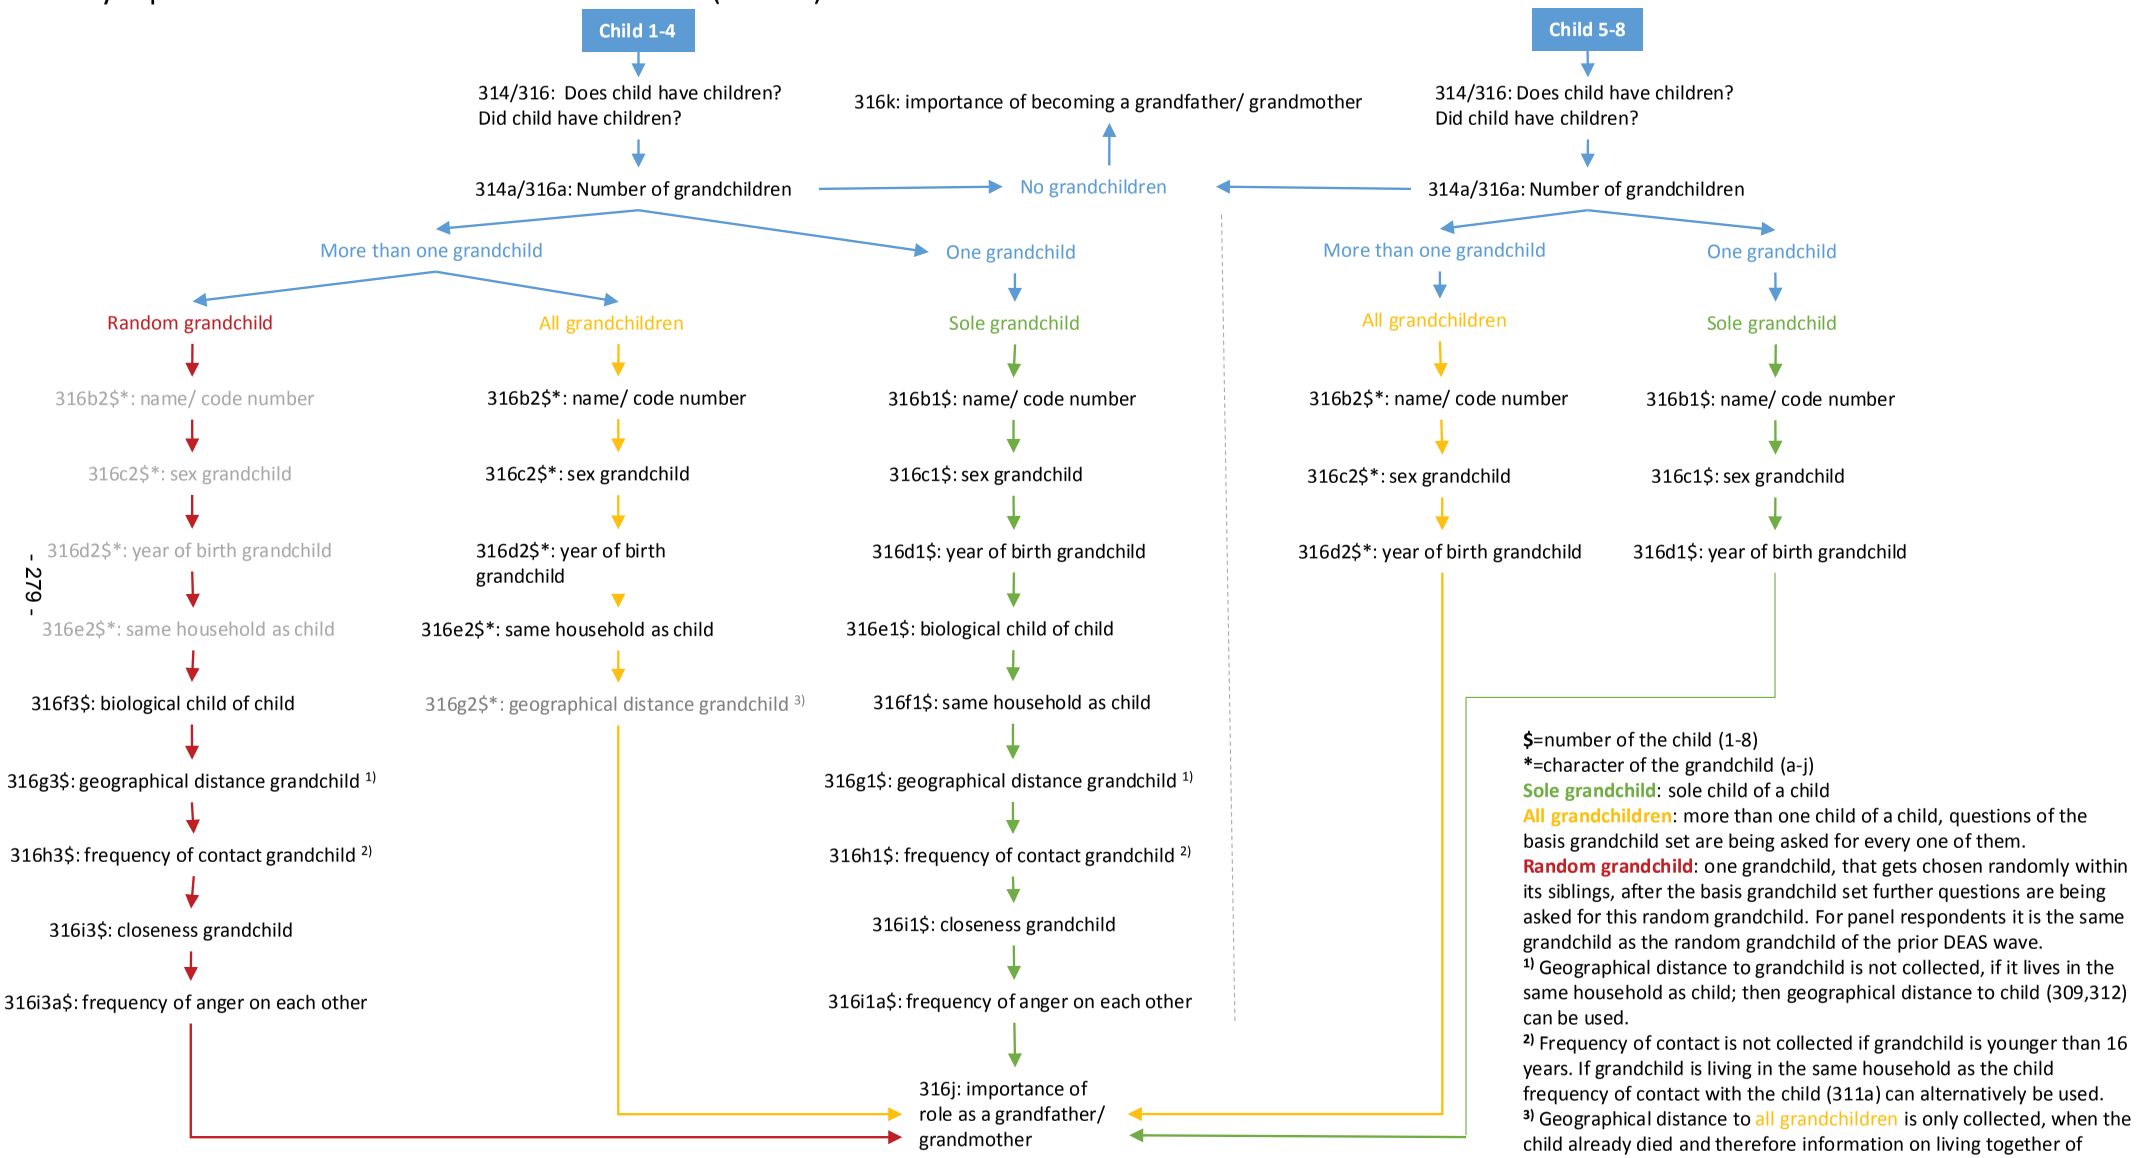
DEAS Synopsis: Collected Features for Grandchildren (2008ff.)



$=number of the child (1-8)
***=character of the grandchild (a-j)
Sole grandchild: sole child of a child
All grandchildren: more than one child of a child, questions of the basis grandchild set are being asked for every one of them.
Random grandchild: one grandchild, that gets chosen randomly within its siblings, after the basis grandchild set further questions are being asked for this random grandchild. For panel respondents it is the same grandchild as the random grandchild of the prior DEAS wave.

1) Geographical distance to grandchild is not collected, if it lives in the same household as child; then geographical distance to child (309,312) can be used.

2) Frequency of contact is not collected if grandchild is younger than 16 years. If grandchild is living in the same household as the child frequency of contact with the child (311a) can alternatively be used.

3) Geographical distance to all grandchildren is only collected, when the child already died and therefore information on living together of grandchild and child is not collected.

DEAS Synopsis:
Collected features of memberships and functions in groups/organizations and volunteering elsewhere (CAPI questions 404-415, 416)

	Only respondents aged 50+ (404ff.)	**All respondents (410ff.)**
Listing of possible groups/organisations (multiple responses possible)		
Member of group/organisation	ic404, ic405	ic410, ic411
	A Early retiree groups, groups to prepare for retirement	A Self-help group
	B Senior support groups, senior citizen cooperatives	B Citizens' initiative
	C Groups for volunteer work and aid	C Charitable organization
