

“Citation Suggestions”

If you use FDZ-DZA data or related documentation material in publications (including final theses or grey literature) or presentations, we kindly ask you to cite the sources according to good scientific practice.

The citation rules outlined here can be adapted to the specific citation styles of journals or publishers, as long as author, data set and DOI remain part of the citation.

DEAS and PREFER

For reference lists

Research Data Centre of the German Centre of Gerontology (2022): SUFs of the German Aging Survey 1996-2021, Berlin. DOI: 10.5156/DEAS.1996-2021.M.001

Research Data Centre of the German Centre of Gerontology (2017): SUF of the PREFER study 2009, Berlin. DOI: 10.5156/PREFER.2009.M.001

In texts, tables or figures

RDC-DZA (2022): SUFs DEAS 1996-2021.

RDC-DZA (2017): SUF PREFER 2009.

DEAS reference literature

Klaus, D., Engstler, H., Mahne, K., Wolff, J. K., Simonson, J., Wurm, S., & Tesch-Römer, C. (2017). Cohort profile: The German Ageing Survey (DEAS). *International Journal of Epidemiology*, 46(4), 1105-1105g. DOI: 1093/ije/dyw326

DEAS- and PREFER- documentation

On <https://www.dza.de/en/research/fdz/german-ageing-survey/deas-documentation> you will find various documentation objects which can also be cited using a DOI., i.e.

Vogel, C., Wettstein, M., Klaus, D., Spuling, S., Kortmann, L., Alcántara, A.L., Engstler, H., Huxhold, O., Nowossadeck, S., Ehrlich, U., Romeu-Gordo, L., Simonson, J., & Tesch-Römer, C., (2021). Deutscher Alterssurvey (DEAS): Instrumente der DEAS-Erhebung 2020/2021. Berlin: Deutsches Zentrum für Altersfragen. DOI: 10.5156/DEAS.2021.D.001

Vogel, C., Wettstein, M., Klaus, D., Spuling, S., Kortmann, L., Alcántara, A.L., Engstler, H., Huxhold, O., Nowossadeck, S., Ehrlich, U., Romeu-Gordo, L., Simonson, J., & Tesch-Römer, C., (2021). German Ageing Survey, Instruments of the Survey 2020/21. Berlin: German Centre of Gerontology.
DOI: 10.5156/DEAS.2021.D.002

Engstler, H., Stuth, S., Alcántara, A.L., Luitjens, M., Klaus, D., Schwichtenberg-Hilmert, B., Behagel, C.F., Kortmann, L., Martin, J., Drewitz, M., & Körber, M. (2022). German Ageing Survey, Documentation of Instruments and Variables 1996 – 2020/21. Berlin: FDZ des Deutschen Zentrums für Altersfragen. DOI: 10.5156/DEAS.1996-2021.D.001

On <https://www.dza.de/en/research/fdz/prefer/prefer-documentation> you will find documentation material which can also be cited using a DOI:

Wurm, S., Schüz, B., Tesch-Römer, C., Ziegelmann, J., Warner, L., & Schwarzer, R. (2022). Instrumentendokumentation PREFER I. Personale Ressourcen von älteren Menschen mit Mehrfacherkrankungen: Stärkung effektiven Gesundheitsverhaltens. Berlin: Deutsches Zentrum für Altersfragen. DOI: 10.5156/PREFER.2009.D.001

D80+

For reference lists

Albrecht, A., Kaspar, R., Simonson, J., Stuth, S., Hameister, N., Tesch-Römer, C., Wagner, M., & Zank, S. (2022). Old Age in Germany (D80+): Representative Survey 2020. Research Data Centre of the German Centre of Gerontology, Berlin. Scientific Use File Version 1.0. DOI 10.5156/D80/2022/M.001

In texts, tables or figures

Albrecht et al. (2022). D80+, SUF of the RDC-DZA.
